CONTRACTING COMPANY

# Crafting Worldwide Landmarks from Saudi Soil

# COMPANY INTRODUCTION

The Best International for Heavy Equipment Rental and Contracting is a leading company in Industrial solution, general trading, specializing in comprehensive contracting services that include equipment rentals, manpower provision, and materials supply for construction projects.

Our success is underpinned by a highly skilled team of professionals who are not only technically proficient but also deeply committed, driving our continuous growth. We excel in managing diverse construction disciplines such as civil/building, electrical, piping, mechanical construction and industrial support services.

Central to our ethos is a steadfast dedication to zero harm, placing utmost importance on health, community welfare, and environmental responsibility. Our primary goal is to deliver secure, dependable, and pragmatic solutions to meet the needs of our clients. With a solid reputation built on exceptional performance, The Best International is synonymous with unmatched customer satisfaction. Our unwavering commitment ensures that we uphold the highest standards in quality and service delivery, never compromising on excellence.

## Vision

To emerge as a premier industrial solutions provider by consistently exceeding client expectations, cultivating a dynamic professional environment that nurtures strong relationship with customers, employees and suppliers.

## Mission

Our mission is to conduct our business with a commitment to international best practices, delivering timely and responsible solutions that consistently provide value to our clients, customers, and partners. We prioritize our employees as the cornerstone of our organization, dedicated to recruiting, training, and retaining competent individuals who are essential to achieving our goals.

# FOUNDER STATEMENT

This is an opportunity for Best International Contracting Company to introduce ourselves as one of the leading companies with a growing presence in the Industrial Solutions and other segments. Saudi Arabia is renowned for its development credentials and rapidly growing economy. It is a country that offers an honorable life and ensures the rights of its people to prosper, find employment and lead secure and stable lives. The Kingdom has created countless job opportunities across various fields for both its citizens and residents. We have numerous responsibilities towards our esteemed country, particularly in the employment sector, including:

## **Engagement in Business and Investment:**

Participating in the business and investment sectors to drive economic progress and growth, thereby creating new job opportunities for both nationals and residents.

## **Compliance with Labor Laws:**

Adhering to all labor laws and regulations by following institutional rules and avoiding violations.

## **Promoting Unity and Awareness:**

Eliminate misconceptions and intolerance. We champion teamwork across ages, ethnicities, and qualifications.

I encourage all our employees and stakeholders to collaborate towards achieving Vision 2030, a vision that will allow both our company and the Kingdom to thrive and grow in every aspect.

**“Success is not final, failure is not fatal;  
It is the courage to continue that counts.”**

# OUR MAJOR CLIENTS

|                                                                                                                                                                                                         |                                                                                                                                                                                                           |                                                                                                                                                                       |                                                                                                                                                     |

# RENTAL SERVICES

BEST INTERNATIONAL CONTRACTING COMPANY is providing the equipment rental services with new fleets of equipment which enhance the client work and achieving the targets on time. Our equipment's are operated by experienced operators having knowledge of safety and technical aspects and they are well trained operator at kind of environment.

## 1. POWER:

- a. Generator
- b. Tower light
- c. Air compressor
- d. Welding machine

## 2. LIFTING

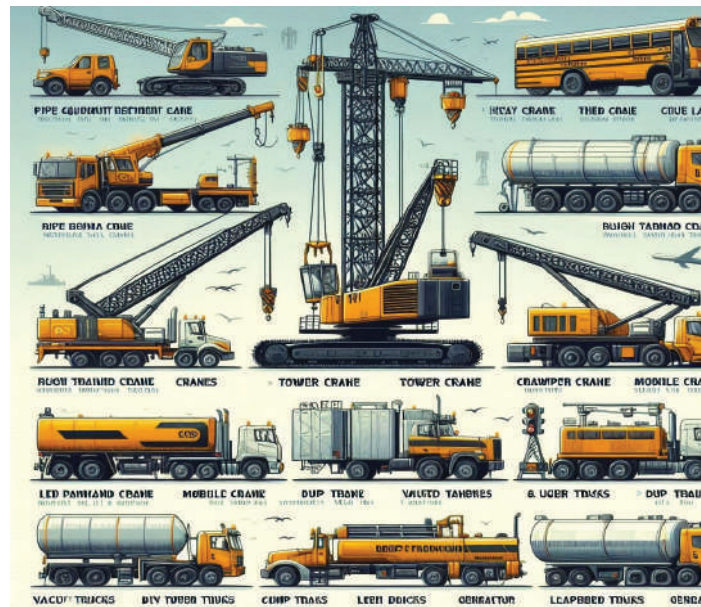

- a. Mobile crane
- b. Crawler crane
- c. Fork lift
- d. Tele handler
- e. Manlift
- f. Scissor lift

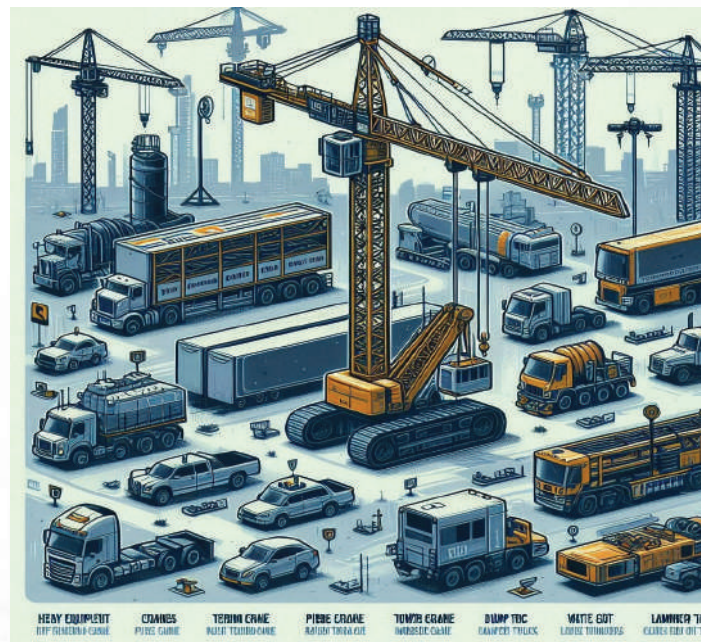

### 3. EARTH MOVING

- a. Wheel loader
- b. Backhoe Loaders
- c. Skid steel Loaders
- d. Excavator
- e. Dozer
- f. Backhoe
- g. Bobcat
- h. Grader
- i. Roller compactor

### 4. TRANSPORTATION

- a. Bus
- b. Mini bus (14 Seat)
- c. Car
- d. Pickup (Single & Double Cabin)
- e. Dyna
- f. Lowbed trailer
- g. Flatbed trailer
- h. Diesel Tanker
- i. Water Tanker
- j. Sweet Water Tanker
- k. Boom truck
- l. Dump truck

# MANPOWER SUPPORT SERVICES

BEST INTERNATIONAL CONTRACTING COMPANY is a fast-growing manpower placement company dedicated to providing high-quality recruitment services that fulfill the needs of the business community with industry knowledge and expertise. Our team of professional recruitment consultants is committed to understanding your recruiting needs and company culture. We help organizations increase productivity through better use of human resources, enabling companies to achieve real competitive advantages. We recruit and retain the highest caliber of experienced employees with a proven ability to provide customer service excellence at all times. Specializing in the selective manpower supply of temporary and permanent staff, we are confident that we can provide the skills, methodology, and experience necessary to meet your requirements.

## **Our Categories**

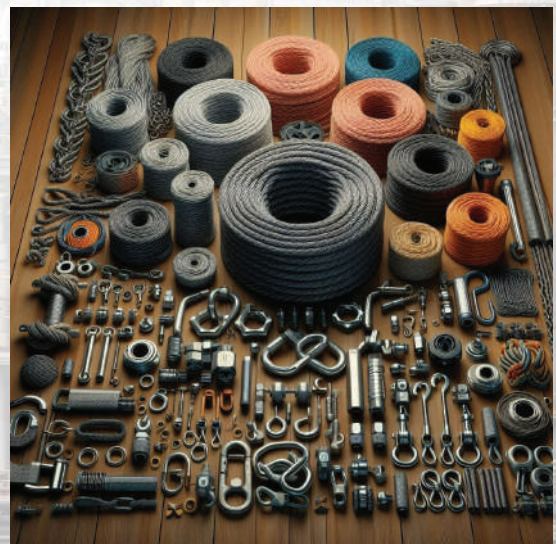

HSE manager, Qc manager, Aramco work permit receiver, Aramco scalding inspectors, Instrument supervisors, Electrical Supervisors, Civil supervisors, Piping supervisors, Male nurse, Pipe fitters, Technicians, Scolders, Equipment operators, Heavy drivers, Helper, She supervisor, HSE officer.

# INDUSTRIAL MATERIAL SERVICE

Best International Contracting provides high-quality materials for various industries, ensuring timely deliveries and superior-grade supplies. We specialize in trading industrial materials like Stainless Steel, Alloy Steel, Duplex, Nickel, Inconel, Incoloy, Monel, Hastelloy, Alloy 20, Carbon Steel, Copper, Brass, and other ferrous and non-ferrous metals, along with various types of valves to meet our clients' needs.

## Range of Materials:

- Pipes
- Tubes
- Coils
- Hoses
- Couplers
- Flats
- Plates
- Hard ox steel plates
- Sheets
- Strips Round bar
- Angle bar
- Pipe fittings
- Tube fittings
- Flanges
- Wire and fasteners

## Slings and Shackles:

- Flat polyester web slings
- Steel wire ropes
- Lifting chains
- Chain links
- Wire rope clips
- Thimbles
- Hooks

- Master links
- D-Rings
- Lashing belts
- Spelter sockets

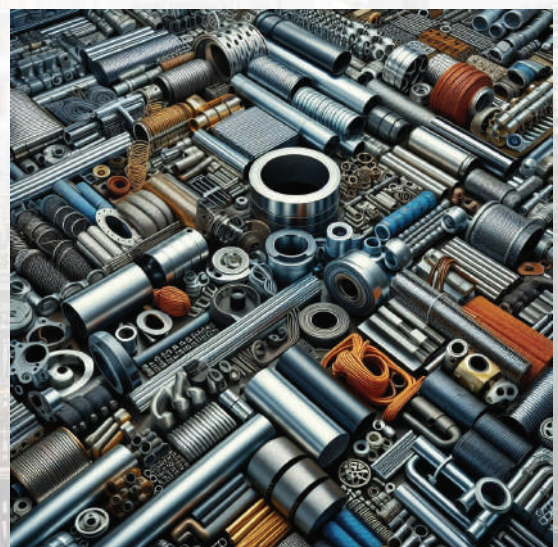

### **Safety Material Trading:**

- PPE
- Coveralls
- Electric Arc flash protective equipment
- Environmental Meters
- Anemometers
- Single gas detectors
- Non-Contact Infrared Thermometers
- Spill kits
- Lockout Tag out products
- Safety consumables
- Floor marking solutions
- General safety barricades

### **Marine Material Trading:**

- Polypropylene rope (PP Ropes)
- Pilot Ladders
- All sizes of Norwegian Buoys
- Steel and wooden needles for ropes
- All types of lubricants
- Different sizes of fenders
- All types of marine radar reflectors
- Navigation devices.

### **Scaffolding Materials:**

- Tubes and Fittings
- Steel Tubes
- Couplers and Clamps
- Frames and Accessories
  - H-Frames
  - Cross Braces
  - Joint Pins
- Boards and Planks
  - Scaffold Boards
  - Steel Planks

- **Mobile Scaffolding Systems**

Mobile Towers

Adjustable Legs

Castor Wheels

- **Safety and Accessories**

Toe Boards

Guard Rails

Base Plates

Ladders and Staircases

Scaffold Sheeting and Netting

- **Specialized Scaffolding**

Cuplock Systems

Kwikstage Systems

Ringlock Systems

- **Custom Solutions**

Tailored Scaffolding Designs

# CONTRACTING SERVICES

Our contracting services are tailored to deliver excellence across a range of construction and maintenance projects. We provide top-tier scaffolding services that ensure safety and efficiency in accessing elevated work areas.

Our expertise extends to foundation and building services, where we construct durable and reliable structures. We are proficient in backfilling and road construction, ensuring solid groundwork and smooth, durable roads. Our road marking services enhance road safety and navigation.

Additionally, we offer Mechanical, Electrical, and Plumbing and shutdown works, providing comprehensive solutions for maintaining and upgrading industrial facilities.

# CIVIL WORKS

- Earth work
- Excavation & Backfilling.
- Foundation works
- Concrete works
- Steel works
- Construction of Industrial & Commercial
- Temporary facilities Camp facilities.
- Installation of Pre-fabricated structures
- Sub Structures & Super Structures
- Asphalt Works
- Steel work or Rebar works or steel fixing
- Bridge Work

BEST INTERNATIONAL CONTRACTING COMPANY is equipped to undertake the entire scope of civil work to say we can execute the job orders for Excavation & Backfilling, Site preparation, All types of concrete Foundation & Precast Works, Trench & channel Works, Asphalt Works. Further we engage, the projects for commercial and industrial buildings, office premises, sports complex, clubs, hospitals, housing compounds, or villas, storage tanks, curb stone all types of Road marking & Sign Boards job order.

## **SUPERSTRUCTURE**

The superstructure describes the entire portion of a building that sits above ground or the foundation. The superstructure is typically more extensive than the substructure depending on the type and size of the building.

## **SUBSTRUCTURE**

The substructure refers to the portion of the building that sits below the ground. The substructure distributes the weight of the building to the ground beneath the building. The superstructure is thus built right against the soil. The substructure can make or break a structure. It is crucial to work with structural engineers to ensure that the piers, support beams, and foundations within the substructure do not collapse.

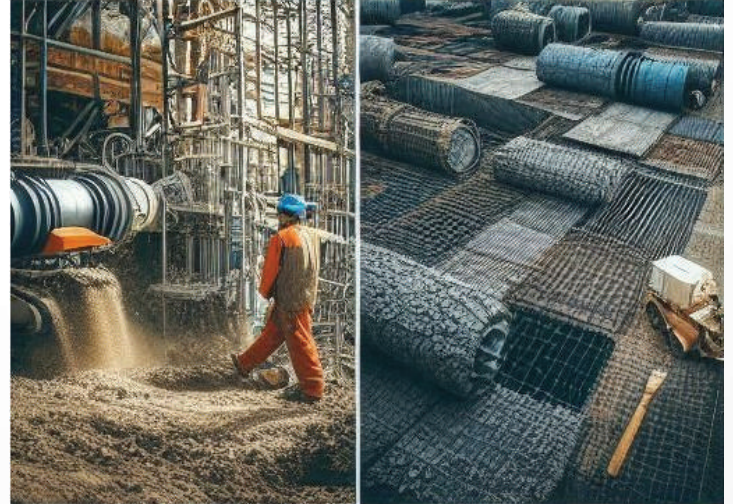

# GROUND IMPROVEMENT

Our entire range of services includes designed to enhance soil stability and ensure the integrity of your projects.

- Soil Stabilization
- Vibro Compaction
- Deep Soil Mixing
- Grouting
- Geotextile Installation
- Insulation and Lagging
- Piping Design and Engineering
- Maintenance and Inspection Services

# LAND SURVEY SERVICES

- Construction Stakeout Surveys
- Engineering and Earthworks Surveys
- Work as Executed Surveys
- Project and Site Management
- Contour and Detail Surveys
- Network GNSS surveys
- QA monitoring and Audits
- GIS data acquisition and management
- Volume Calculations
- Elevations, floor plans, and sections
- Traditional 2D and 3D CAD files
- Clash Detection
- Topographic Surveys
- ASCII text files
- 2D/3D CAD drawings
- As-Built Surveys
- PDF
- Cross Sections and long sections
- A4, A3, A2, A1 and A0 plots
- Technical Report
- Intelligent utility and MEP Models in BIM format
- Site markup
- Subsurface cross-sections
- Survey Crews

## TOPOGRAPHIC SURVEY

Topographic surveys are true-to-scale maps, drawings, models, and 3D files that include all natural and man-made features. These features are represented by contours, text, symbols, and spot levels. We capture data for your project using a variety of traditional and advanced survey techniques, including high-precision GPS, digital levels, and total stations.

## UNDERGROUND UTILITY SURVEY

We use a wide range of cutting-edge technology, such as Ground Penetration Radar (GPR), radio detection, and many other in-house processes and procedures, to ensure we provide you with the most accurate and reliable underground utility information possible for your project without the need for costly excavations.

# PILE BREAKING SERVICES

Best International offers pile breaking services to address your construction requirements. With expertise in both hydraulic and manual pile breaking systems, we ensure efficient and effective solutions for your projects.

- a. **Hydraulic Pile Breaking System:** Our hydraulic pile breaking system is highly efficient, reducing time and labor compared to traditional methods. It offers precise pile breaking with minimal damage to surrounding structures and advanced safety features. Versatile for various pile types and diameters, it also minimizes noise and dust for a cleaner, safer work environment.
- b. **Manual Pile Breaking by Air Compressor and Jack Hammer:** Our manual pile breaking service is flexible and ideal for smaller or hard-to-access projects. Cost-effective and efficient, it ensures high-quality results with skilled operators. Adaptable to various pile types and sizes, it offers a versatile solution for diverse project needs.

# FENCE WORK

We specialize in all types of fence installations, ensuring security, durability, and compliance with industry standards.

- **Chain Link Fencing**
- **Security Fencing**
- **Temporary Fencing**
- **Decorative Fencing**
- **Electric Fencing**
- **Vinyl Fencing**
- **Wrought Iron Fencing**
- **Steel and Aluminum**
- **Privacy and Acoustic Fencing**
- **Automated Gates and Access Control**
- **Boundary and Property Line Fencing**
- **Post and Rail Fencing**

# BUILDING WORK

We offer comprehensive building works services, ensuring quality, efficiency, and adherence to industry standards across various construction disciplines.

**1. Structural Construction:** Our foundations and structural framing lay the groundwork for stability and strength, while our masonry and concrete works utilize high-quality materials and craftsmanship for lasting structures.

**2. Architectural Finishes:** We offer customizable interior and exterior finishes that combine aesthetic appeal with functionality, along with professional painting and decoration services to enhance the beauty and durability of your spaces.

**3. Renovations and Remodeling:** Our renovation services for residential and commercial projects upgrade and modernize spaces to meet contemporary standards, while our restoration and repair services preserve the integrity and value of existing structures.

**4. Specialized Services:** We provide waterproofing and insulation to protect buildings from environmental factors and improve energy efficiency, as well as landscaping and hardscaping to create harmonious outdoor spaces that complement your building's design.

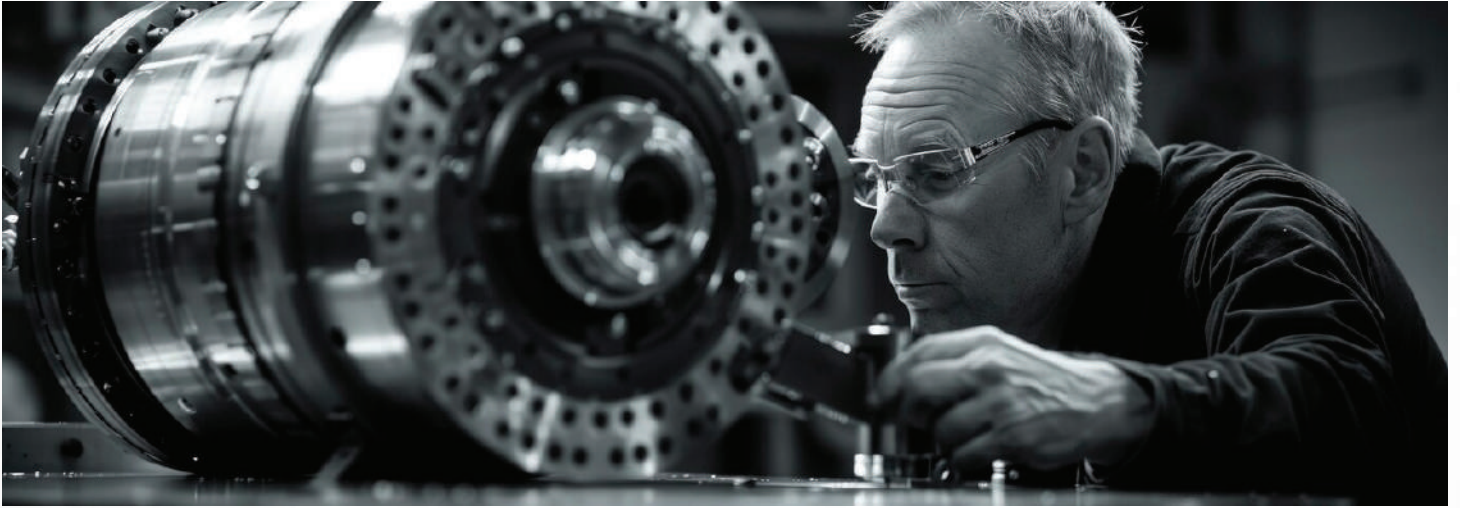

**5. Compliance and Safety:** We ensure all projects meet local building codes and regulations, prioritizing the safety of workers and occupants through rigorous safety protocols.

Our team delivers projects on time and within budget, maintaining top quality. Whether for new construction, renovation, or expansion, we're here to assist every step of the way

# MECHANICAL WORKS

BEST INTERNATIONAL CONTRACTING COMPANY has a long history of excellence in mechanical jobs, including Fabrication, Structural Steel works, Firefighting, and Parking Shade works. Building on the expertise of our personnel, we deliver the highly skilled resources needed to successfully undertake projects.

Our competent project management, superintendent front-line supervision, and skilled craftsmen ensure each job is completed safely and on schedule. We are capable of accommodating your requirements in all mechanical aspects, consistently delivering quality and precision in every project we undertake.

# PIPING WORK

We provide comprehensive piping solutions for a variety of applications, ensuring efficiency and reliability.

- Underground Piping
- Industrial Piping
- Water Supply Piping
- Gas Piping
- Sewage and Drainage Piping
- HDPE and PVC Piping
- Insulation and Lagging
- Piping Design and Engineering
- Maintenance and Inspection Services

# ELECTRICAL WORKS

Over the years, our expert electrical team has engineered, procured, installed, and commissioned large, medium, and short-range plants and projects.

We have achieved an outstanding status through our professional commitment, effective time management, and strict adherence to quality and international standards from planning to execution. As a result, we are capable of delivering electrical projects on time to our valued customers, consistently meeting their needs, expectations, and satisfaction with our expertise

# FABRICATION SERVICES

Best International Contracting Company excels in delivering high-quality fabrication services. We specialize in fabricating pipe supports that are essential for maintaining the integrity of piping systems.

Our steel structures are designed and built to meet the highest standards of strength and durability. We also fabricate fencing solutions for security and boundary demarcation. The signboard fabrication services provide customized and durable signage for various applications. Additionally, we offer guard railing fabrication, ensuring safety and compliance in various settings.

# Waste Management

BEST INTERNATIONAL CONTRACTING COMPANY is a leading provider in general waste management of hazards and non-hazardous waste disposal as well as water supplier service to our customers in the industrial construction site. We have a strong foundation and access to great resources of dumping of waste disposal as well as documentation of municipality authorization.

Our special focus is waste removal operations, for years we have led the field in handling the extreme conditions of shortage availability of sufficient water but by overcoming the situation and doing share agreement, purchasing from water plant companies we are ready at any.

- Removal Of Sewage Water And Sludge
- Removal Of Solid Waste
- Supply of Water
- Supply Of Portable Toilet
- Supply Of Skip Container
- General Cleaning
